Testimonials

Devam's Munimji is definitely one the best tuition classes I've been to. Studying a completely new subject (accounts) that too in an online mode of learning seemed a little scary; but Hardik sir made everything feel so easy. The class atmosphere is very friendly and comfortable. The weekly tests, homework and unlimited doubt solving has helped me score an amazing result! thank you so much sir:)

Teaching pattern at Devam's Munimji is absolutely phenomenal. Teaching faculties are very supportive and interactive. The faculty doesn't just focus on textual definitions but instead lays greater emphasis on real life examples which helped me immensely to understand the concepts. I've improved astronomically in my academics and I'd like to thank the inquisitive nature of my tutors. Weekly tests and Vivas helped me focus and not get distracted even during covid times. Apart from academics I also gained real life knowledge which is necessary for everyone's overall character development.

It is my pleasure to strongly recommend Hardik Sir as an accountancy teacher. He goes the extra mile to explain and recap content in thorough detail in every tutorial. I appreciate the countless videos that he mails us if we have not attended any class due to some reason. He has a great teaching style as he uses different sources and combines them into a simplified version which helps us in easier digestion of knowledge. He makes lessons as comprehensive as possible and brings in a lot of examples. He is a committed educator and will make a huge contribution in a student's life

Testimonials

Choosing to study with Devam's Munimji was one of the best decisions I had taken. As I had studied in private tuition till 10th, deciding to study in group tuition was a bit tough, but Pranav sir made sure that I had no problem in adapting it. Studying with this spectacular faculty has made me see a rise in my self confidence and in my grades. They made the understanding of the theoretical subjects so easy, that along with Accounts and Statistics, I have started liking BA and Economics too. All the tutors are so loving, hard working and enthusiastic that it encourages me to challenge myself and to break records of the old me. I will always be thankful to this institute for giving me new friends, new me and for showing me the path for my bright future.

Devam's munimji has drastically changed me in a better way. It gave me confidence and also made me believe in myself. Pranav sir has drastically changed my attitude for studies, Hardik sir and pranav sir are the ones who made me believe in my capabilities. The exams conducted in the academy made me realise my mistakes and even increase my competitiveness. All over I am a positively changed human being after entering Devam Munimji. All the tutors are very well- qualified who are extremely supportive and enthusiastic. Here we don't dream about our goals, we aim at it and we achieve it.

I am glad to be student of Devam's Munimji, a million thanks to you. It is because of your guidance and unique style of teaching, I feel very confident in such important subject like accounts. No doubt, it is all above your effort on each and every student to make them remain active in the classroom. Your methods of teaching with real-time examples makes difficult topics simple to understand. You explain every concept in-detail to ensure subjects clarity completely. With your rich experience, talent, unique teaching methodology, note and study material, I must appreciate that it will not only lead in scoring high marks but also in building real foundation of a commerce student for all his future and practical life ahead. Once again, I would like to thank you and Devam's Munimji's all teachers for everything that they have done for me.
